

Timberlake

2,884 square feet, 30' x 73' with 8' x 24' offset, 12' x 14' sunroom and 24' x 28' garage

An exquisite home, the 2,884-square-foot Timberlake is perfect to capture the views – whether you choose to build seaside, lakeside, or nestled away in the woods. A stunning “wall of windows” and warm fire await you in the large family room. The spacious loft is perfect for lounging, playing or reading. With a sunroom off of the master suite and a deck accessible from the dining room, you’ll always enjoy the scenery!
