

Windsor

3,176 square feet, 24' x 52' and 6' x 20' with 8' prow and 10' x 20' with 8' prow

Spectacular views deserve a spectacular vantage point. The Windsor has two beautiful prows providing walls of windows for great viewing – from both the kitchen and upstairs loft, as well as the ample-sized great room. Three bedrooms plus a master suite, three baths, den, mudroom, and eat-in kitchen make this home beautiful and “family friendly.” A large, lovely back deck and front deck round out the package. With 3,176 square feet of space, it’s great for large families.
